Quality Policy

We at MMH aim to maintain and strengthen our position as a leader in marine, oil and gas services, in offering port & technical services, contracting, manpower recruitment and training. Our primary objective is to continuously provide our customers with the best products and services, with the highest standards of performance, quality, safety & environment and being delivered on time. We shall achieve this ensuring that the necessary financial and physical resources are allocated to the implementation of this policy, with employees' effectiveness and by adopting the following disciplines:

- Operating the business in a cost effective and efficient manner whilst being accountable and transparent;
- Assuring business continuity by identifying, preventing and mitigating risks, environmental, health and safety incidents;
- Development and maintaining a mutually beneficial relationship with interested parties by liaising and identifying their requirements;
- Continuously striving to meet client requirements and attain customer satisfaction;
- Attain company goals by setting companywide qualitative objectives;
- Empowering employees while establishing and instilling a culture of continuous improvement within the company, and highlight the importance and shared responsibility to adhere to the quality, health and safety and environment management systems in place;
- Adopting and maintaining a quality management system in accordance to the requirements of the ISO 9001:2015 standard, whilst adhering to statutory and regulatory requirements;
- Ensuring the continuous improvement of the quality management system in line with the Marine, Oil and Gas Industry requirements.
